Arms Covered With Small Red Pimples Cuticura Healed

Later the pimples scattered on my body, except my limbs."
"Finally I sent for a free sample of Cuticura Soap and Ointment. I purchased two cakes of Cuticura Soap and two boxes of Cuticura Ointment which healed me." (Signed) Mrs. H. M. Clark, 113 Seaside Ave., Guilford, Conn., August 6, 1917.

EAST CORINTH

Dr. Hudson is so far recovered from the influenza as to be able to take up his practice to some extent.
The family of George Simpson has been sadly afflicted with influenza, nine of them having been in bed at one time and unable to get help except for a few hours a day, but at this writing they all seem to be improving a little. Added to the sickness has been the death at Camp Upton, L. L. of Archie Dunham, and Frank Dunham at the home of his mother in Cookeville, both brothers of Mrs. Simpson.

Word has been received from W. A. Metcalf and Leo Hutchinson that they are comfortably situated at Fort Slocum. They are kept busy, but well cared for and fed.

The date of the missionary fair, which was to have been held the 18th, has been put off until some time in the unknown future.

Mrs. Walter Dodd is entertaining her father, J. E. Chamberlain, this week.
Mrs. M. A. Miller has been in town packing up her goods. E. M. Bowen expects to move in a week or so.

Jack Carroll was at A. C. Jackman's one night this week. He is helping out the Bradford bank in the Liberty loan business.

Will all the gum chowers please remember that the tin foil is worth saving these war times! Anyone having any foil can leave it with Miss Harriet James. She will see it goes to the right place. L. L. Worthley has charge of the fruit stores and nut shells. Do not burn any of them. Waste paper is to be put in Mrs. B. C. Abbott's care. This is war work. Do not think it too small to notice.

CELEBRATE BY WORKING.

Coal Miners Have Been Appealed to By Garfield.
Washington, D. C., Oct. 11.—Coal miners are called upon by Fuel Administrator Garfield to observe Saturday—Liberty Loan day and Columbus day—as not a holiday, but as a day of work and to invest the money earned on that day in Liberty bonds.

"The coal is sorely needed for the war," he said. "The government must sell its bonds to buy supplies for our soldiers. The earnings of all the miners on Saturday, put into Liberty bonds would add several million dollars to the American war chest."

AUSTRIA MAY BE SPLIT UP

Hungary Is Clamoring for Independent National Life

WANTS OWN DELEGATE IN PEACE CONFERENCE

Emperor Charles Expected to Make Statement Soon

Basel, Thursday, Oct. 10.—Emperor Charles of Austria soon will issue a proclamation dealing with the right of the different nations of the empire to decide their own futures, according to Vienna advices to the Frankfort Zeitung.

The Pest-Hirlap of Budapest says Hungary is seeking national life independent of Austria and desires to insure the integrity of her territory, secure a seaport and have the right to settle her own internal affairs. That journal claims the right for Hungary to be represented at the peace conference by a special delegate and suggests Count Albert Apponyi.

While wispy, gray, faded hair is not ideal, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.—Adv.

PICKING UP VILLAGES.

Americans Northwest of Verdun Are Steadily Advancing.
With the American Army Northwest of Verdun, Thursday, Oct. 10.—(By the Associated Press)—9 p. m.—American forces struck the German lines east of the Argonne forest today. They captured the villages of Sommeville, Chevières and Marcy.

The ridge of Dame Marie was stormed after hard fighting. More than 1,000 prisoners were taken during the day. These included one colonel and two battalion staffs.

Fighting opened this morning with the infantry sweeping through the northern portion of the Argonne forest for a maximum distance of nearly five miles. Little opposition was encountered.

As the Americans advanced they found that the Germans had blocked and destroyed the roads. At 2 o'clock this afternoon they were in Marcy and Chevières, having taken the La Folie farm and the Richard farm and advancing on the Negremond woods, the only piece of forest land between them and Grand Pre.

Half an hour later they had captured Sommeville and had advanced north of that village. By this attack the Americans have taken a firmer grip on the territory north of the broken Kriemhild line.

Although there were detachments of German machine gunners and infantry to be met, the Americans found that the German artillery fire was very light. They had little difficulty in advancing.

Fires were caused by enemy shells at Fleville and Chevières.

AMERICANS WIN IN AIR.

Brought Down 14 Planes and Three Enemy Balloons.
Washington, D. C., Oct. 11.—Fourteen enemy airplanes and three enemy balloons were brought down by American aviators operating with the British forces during the period from Aug. 25 to Sept. 8, according to a summary of British royal air forces communiqués received by the war department.

Special mention was made of a combat in which Lieutenants H. R. Clay and C. Bissell took part, each bringing down two enemy machines. The distinguished service order was given to Lieutenant A. F. Sonmail. Included among ten other Americans who felled one or more planes were:

Lieutenant F. A. Dixon, Pittsburgh, Pa.; E. W. Springs, Lancaster, Pa.; W. B. Knox, Princeton, N. J.

"Mother's Tender Flowers"
